Principal's foreword

Introduction

At Mount Gravatt State School we strive for *Nothing But The Best* in all we do. Opportunities for students to reach their potential are provided in all areas of development of the child: academic, social and emotional, sporting and cultural. Our learning opportunities provide for high achievement in literacy and numeracy, with excellent intervention programs as well as extension opportunities. The Arts and ICTs play a strong role in our school.

Our school is diverse and inclusive, with almost forty cultural groups represented, along with students with disabilities. Our school's Special Education Program staff have specific expertise in the area of Vision Impairment. This diversity adds to the richness of the educational experience for all students.

Being a smaller school, staff are able to know students well, tailoring lessons to suit and understand their talents, needs and personality. We are proud of the development of the school over the past five years.

This report will give further information about Mount Gravatt State School and its achievements in 2012.

2012	225	102	123	90%

Student counts are based on the Census (August) enrolment collection.

Characteristics of the student body:

Mount Gravatt State School has a very diverse student body. Students generally come from the immediate local neighbourhoods, however some students do travel broader distances to attend our school. Our proximity to the university and availability of local transport, along with the quality Outside School Hours Care Program contribute to these enrolments. Enrolment numbers at the school have been generally stable for the past five years.

Our school is diverse culturally, with almost forty nationalities represented. In the past there were higher numbers of students who came to Australia as refugees, though we now have less than five students in this situation. Almost 50% of families have a non English Speaking background, though fewer than 25% of students were born outside Australia.

Students from Aboriginal and Torres Strait Islander families make up approximately 8% of the student population.

The school's Special Education Program supports students with a wide range of disabilities including Vision Impairment, Autism Spectrum Disorder and Intellectual Impairment. Students with disabilities make up approximately 6% of the school population.

Diverse socio-economic backgrounds are also a characteristic of students at Mount Gravatt State School. Our school caters for students whose parents have professional qualifications as well as those who are not currently employed. Work locations are broadly spread.

Most students at Mount Gravatt State School come to us after being in local childcare centres or C&K Preschool programs. Post grade seven, most students move on to the two local high schools: Cavendish Road State High School and Mount Gravatt State High School. A small number go on to Private High Schools.

Travel to school is very varied for our students. Most students travel by car to school, however public transport (bus) is used by some students and a small number walk or ride bikes to school.

Classes at Mount Gravatt State School are a mix of single grade and composite classes, based upon cohort size and staffing allocations.

for learning. Our staff have high expertise in the use of technology in learning activities.

Social climate

Mount Gravatt State School is part of the School Wide Positive Behaviour Support program (SWPBS). This program is a research-based approach to teaching and rewarding appropriate behaviours in all students. Intervention for students who require additional support to learn appropriate behaviours is also an important part of the program. The SWPBS program rewards students for their demonstration of our school expectations of *Be Safe, Be Respectful, Be Responsible*. A thorough program of social skills lessons and values lessons is also implemented.

In 2012, the School Opinion Survey indicated that 91% of parents agreed that student behaviour is well managed at this school.

Parent, student and staff satisfaction with the school

Satisfaction with Mount Gravatt State School was high in 2012. In eight out of nine domains, the total agreement of those surveyed was above the state levels. Some surveyed areas were significantly above state levels. Of most significance is that 100% of parents agreed that Mount Gravatt State School is a good school.

Involving parents in their child's education

Staff at Mount Gravatt State School highly value the involvement of parents in the life of the school.

The Parents and Citizens' Association meet monthly on the third Thursday of the month at 7pm, with new members always welcome. The P&C is active in guiding decision making at the school, along with fundraising to support school programs. The P&C is very active in running social functions such as school discos and the Annual Art Show and fun night. The P&C also operates the uniform shop and tuckshop.

Parent volunteers are active in classrooms. Help is usually given with changing home readers, helping with reading groups and art.

Parents regularly come to Wednesday whole school assemblies. Parents are encouraged to come to special days and activities.

Parent teacher interviews are held twice a year, with further communication between parents and teachers strongly encouraged. Many parents keep in touch with the teacher via direct email.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Mount Gravatt State School staff and students are committed to sustainability. During 2012 students were involved in learning activities regarding protecting the environment, along with gardening, recycling and energy conservation. The student Eco Kids Club continued their LoFoCo program – *lights off, fans off, computers off*. Students are encouraged to bring low waste food to school.

Ongoing maintenance of the swimming pool, water saving measures, changes to cleaning practices, monitoring of power use and waste reduction measures were undertaken.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

School rolls at Mt Gravatt State School are marked twice a day: morning and afternoon. This information is forwarded on to the office weekly. Attendance information is kept electronically through OneSchool. Unexplained absences are reported to the principal, with absences of three days or greater investigated.

Families are contacted by phone regarding unexplained absences and letters are sent home each term to confirm attendance records are correct. Follow up is conducted by administration staff as required. The Guidance Officer becomes involved in cases of low attendance.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

Achievement – Closing the Gap

Mount Gravatt State School is committed to closing the gap in attendance, achievement and retention of Aboriginal and Torres Strait Islander students. Aboriginal and Torres Strait Islander students make up 5% of the student enrolment.

Attendance of Aboriginal and Torres Strait Islander students in 2012 was 2.7% below non Aboriginal and Torres Strait Islander students. This is an improvement from 2011 of 2.5%. Personal contact is made with families of Aboriginal and Torres Strait Islander students to work together with families to promote good attendance.

Achievement of Aboriginal and Torres Strait Islander students is similar to that of the general school enrolment. Gaps are small where they exist. With small numbers of students in assessed classes gaps are not reported individually. In Year 3 and 5 numeracy is a particular strength of the Aboriginal and Torres Strait Islander students, with reading being the strength in year 7.

Aboriginal and Torres Strait Islander students are supported by a teacher aide to give attention to academic and cultural areas. Closing the Gap plans are constructed to support students.
